

ELITE Wigs are our Rolls Royce of custom wigs. They are made with the finest virgin Indian, Chinese, Malaysian, Brazilian, and European hair. Because the hair is virgin and has never been processed, you can add high lift colors and permanent waving to these wigs and the hair will retain its tensile strength, color and curl textures longer than with hair that starts out processed. Pricing starts at \$325 for an 8 inch Indian virgin wig. Cut & style is included in price. If you'd like one of these styles applied to your wig, please indicate the style name in the comment box at checkout.
